CMPE 261: Large Scale Programming
Worksheet 3B

Istanbul Bilgi University

Fall 2021

Part I

Create GUI for three methods about `Company` class. You can find an example below.

Part II

Modify the methods to get input from user by GUI. The methods must utilize RadioButton, CheckBox and TextFields[1]. You can add more if you don't have proper methods.

Part III

Add ActionListener for the buttons.

Part IV

Add FocusListener for the text fields.

Note: Do not compress your files, submit java files and screenshots of your program.
Note: Do not forget to justify your answers with comments. The codes without comments will not be evaluated.

---

[1]It is not necessary to include all in one method. You can use them in separate methods as given in example.
